PROFESSIONAL SUMMARY

Experienced Web Developer with 5+ years building responsive, high-performance web applications. Proficient in modern front-end and back-end technologies, with a focus on React and Node.js. Passionate about clean code, user experience, and continuous improvement.

EXPERIENCE

Senior Web Developer

2022 - Present

TechNova Solutions

- Led a team of 4 developers to migrate a legacy monolithic application to a microservices architecture, improving deployment frequency by 60%.
- Implemented a React-based component library used across 3 product teams, reducing UI development time by 30%.
- Optimized database queries and caching strategies, decreasing page load times by 40% and improving Lighthouse score from 65 to 92.
- Introduced automated end-to-end testing with Cypress, achieving 90% test coverage and reducing regression bugs by 50%.

Web Developer

2019 - 2022

BrightPath Digital

- Developed responsive, mobile-first web pages using React and Tailwind CSS, resulting in a 25% increase in mobile traffic.
- Built RESTful APIs with Node.js and Express, supporting 10,000+ daily active users.
- Collaborated with designers to implement pixel-perfect UI components, improving user satisfaction scores by 15%.
- Refactored legacy jQuery codebase to React, reducing technical debt and improving maintainability.

SKILLS

Core Skills: React, Node.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, Git, CI/CD, Docker, SQL, MongoDB, REST APIs, GraphQL, AWS

EDUCATION

B.S. in Computer Science

2018

University of Texas at Austin
